

**Coupa Intro**  
**Goods for Resale GM Suppliers**

The John Lewis Partnership has partnered with Coupa for the purposes of supplier onboarding, contracting and invoicing across all areas of the business.

Coupa is a global organisation that works with businesses across a wide range of industries to build capability and deliver value; as a result you may already be using Coupa with other customers.

In Goods for Resale General Merchandise, Coupa Supplier Portal (CSP) is now live for contracting. In autumn 2021 we plan to move further processes to Coupa including eInvoicing and the ability submit proofs of delivery. Coupa will gradually replace JLP iSupplier, the system which you use for these processes today.

As we increase the use of CSP we will engage you further on what is required. As of today all that is required is for you to complete the registration process. Please use the link we have sent to you, to allow you to register. Thank you.
