# RFID Tag Types

| Packaging Type | RFID Tag Type     | RFID Tag Dimensions |
|----------------|-------------------|---------------------|
| Polybox        | JLPS05            |                     |
|                | I64               |                     |
| Metal Tin      | On metal - skinny |                     |

# Guidance

- 'On metal' tags are used for products containing metal elements as it interferes with the RFID tag. This includes foiling on the packaging or the item containing any metal elements itself including glitter, metallic thread or beauty products with certain ingredients.
- Please use the image guidance for guidance on how and where to attach your RFID tag to your packaging / product.
- PEAN labels are the type where the price is included on the label.

# Application Guidance

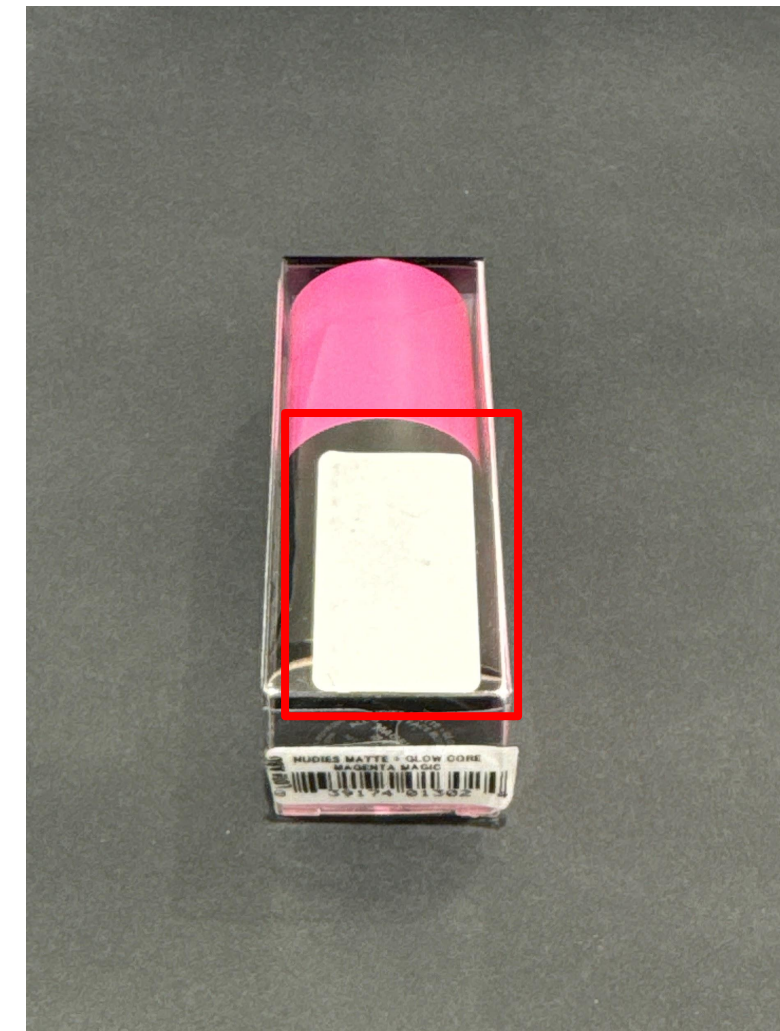

On metal - skinny

I64

JLPS05

Tag type - JLPS05, I64 or On metal - skinny

Images are for guidance of tag application only

Choice of tag type is for supplier to decide dependant on packaging format
